SQL, SQLite, MongoDB, Neo4J, Firestore, DynamoDB

Operating Systems

Windows, Linux

PROJECTS

3rd Year Placement Project – Dell Technologies

- Developed a RESTful back-end application in Java
- Created front-end user interface using React and Axios
- Used GitHub to push new code & monitor versions
- Used Docker and Jenkins when deploying final version
- Application is now used on a daily basis by engineering teams
- Utilized VSCode, Eclipse, and Postman for development and testing
- Developed extensive JUnit tests to assess my code

Final Year Project – Grade: 72

- Created an Alexa chatbot to record customer feedback
- Developed Alexa skill in Java using the IntelliJ IDE
- Hosted using AWS
- Utilized DynamoDB, S3, and Lambda
- Dynamically handles different types of products
- Utilized Trello to organize development phase
- Added admin front-end in React hosted by AWS

Covid Contact Tracing System

- Created a system to record Covid cases and close contact events
- Used JavaFx with a Derby database
- Connected to and edited the database using JDBC
- Wrote test cases
- Used Eclipse and GitBash to write the app and create the database

3rd Year Group Project

- Worked as a team with other students
- Created health monitoring & warning system
- Used Trello and Discord to organize our time and plan meetings
- Used Visual Paradigm to design the architecture of our system
- Used machine learning to predict likelihood of heart disease & obesity
- Developed web and android app

WORK EXPERIENCE

Relevant

Dell Technologies

Feb 2022–Aug 2022

Role: Software Engineering Intern

Key Takeaways:

- Engaged in monthly code reviews of my own code as well as others'
- Used Jira to plan Sprints and stay on top of user stories
- Weekly Sprint and Team meetings
- Monthly Sprint reviews
- Assisted in the onboarding of a new hire

Other

Retail Supervisor

Sep 2022-Dec 2024

The Dreads

Skills Developed: Communication, Organization, Multi-Tasking, Time Management, Interpersonal Skills, Problem Solving

Sales Advisor

Aug 2017-Mar 2020

Ecco, Prince's Street (Cork)

Skills Developed: Communication, Organization, Multi-Tasking, Time Management, Interpersonal Skills
